## FILTER TECHNOLOGY

In addition to traditional ionic technology, our process has proven to be the most effective air purification solution on the market. The AeroTronic from our company offers a disposal-free air purifier variant. Thanks to the unique ion field, 99.99% of viruses and bio-aerosols are effectively destroyed and removed.

- **OZONE SAFE**

## TECHNICAL DATA

Model:	AEROTRONIC 600
Item:	CRF-042
Rated voltage:	100 ~ 240V
Rated frequency:	50/60 Hz
Filtration stages:	7
CADR:	600m <sup>3</sup> /h
Ozon:	10ppb
Noise (max.):	25-50db
Rated power:	35W
Weight netto:	31 kg
Dimension:	43,5 * 26 * 92 cm
Coverage (max.):	100 m <sup>2</sup>
Certificates:	

7-Stage filter technology

Washable filters none expensively consumable parts

Low noise with 25 decibel

Filter accuracy up to 0.001 microns

Coverage up to 100 m<sup>2</sup>

Medical grade aluminium case
